

Sea Sydney Cruises testimonials

"At very short notice Sea Sydney Cruise put together a great program for our visiting senior executives and their wives. The boat was perfect for our group, and the food and beverages were high class and received special comment from our guests. We will have no hesitation in using the company again for future outings of this nature"

Paul Johnson, the Managing Director of Lockheed Martin Australia Ltd

"Shawn, I want to thank you and Captain Jos for one of the most spectacular days we ever had. A memory for a life time. As you know, it was Sandy's birthday and she said it was probably the best gift and day of her life! Thanks again for taking time to show us your beautiful city and harbour; we'll never forget it. "

Ed Ranieszski, Rheem Heating & Cooling.
